# New infrastructure contracts for Australian HOCHTIEF unit

### Four-lane bypass and maintenance facility for rolling stock - Total order volume EUR 231 million

HOCHTIEF has secured new infrastructure contracts worth a total of EUR 231 million via its Australian subsidiary Leighton Holdings Limited. Leighton Contractors is to design and build the 9.3 kilometer four-lane Deer Park Bypass in Western Melbourne. The contract has a volume of around EUR 124 million. Just prior to this, Leighton, via its subsidiary John Holland Group Pty Ltd., was awarded the contract to design and construct the EUR 107 million "Auburn Rail Maintenance Facility" for rolling stock in New South Wales.

HOCHTIEF is one of the leading international providers of construction-related services. With more than 41,000 employees and a sales volume of EUR 13.65 billion in FY 2005, the company is represented in all the world's major markets. In the USA, the biggest construction market in the world, HOCHTIEF is the No. 1 general builder via its subsidiary Turner. With its Group company Leighton, HOCHTIEF is market leader in Australia. The HOCHTIEF service offering in the fields of development, construction, services, concessions and operation covers the entire value chain of projects.
